OUR DEVEL'S DREAMS.

BY SAM WILSON.

There is a typo in this town,
Edgar Bryant is his name;
He came from Jackson to this place,
To win renown and fame.
I'll give the readers but a brief
Of him as he is known;
And several very peculiar whims,
He claims as all his own.
He took a notion one day
To learn the short hand biz;
This was to him an idea bright,
And started in a whiz.
But, lo and behold, the bubble burst;
Each lesson in a streak
Went glimmering from that master mind
And died within a week.
The next attempt—a love for art
Came hovering like a dream;
And for a camera he did send
The best that eye e're seen.
Girls stood before the magic lens,
Of every charming grace;
To be revealed on beautiful cards,
Of most exquisite taste.
He labored hard, he labored long,
To realize his dream;
While marks of disappointment shone
And marred the beautiful scene.
Plate after plate were ruined fast,
Of course no picture came
To please the beautiful damsels—
'Twas all—'twas all in vain.
He gave it up; another whim
Lies silent in the clay;
And what the next attempt will be
There's none can tell today.
LATER—Since the above was written the
lad was found inventing a telephone.

ABOUT PEOPLE YOU KNOW.

From the Jackson Hustler.]
Miss Sallie Hurst, of Campton,
and Miss Edna Hurst, of Boxer,
visited relatives in Jackson this
week.

Misses Lilly and Maggie Rose,
daughters of Mr. Joe Rose, of Hazel
Green, were the guests, several
days this week, of their cousin, Mr.
Noah Rose, of this city.

Sherman Cope, of Taulbee, and
formerly Sheriff of Breathitt county,
was arrested here last Monday
morning and lodged in jail by Deputy
Sheriff Matt Spencer. The
arrest was made on a warrant sent
from Wolfe county, and charges
Cope as an accessory before the
fact in the killing of Andy Wilson
and others in the late fight between
the Wilsons and Dykes. The
prisoner is being held as a witness
for the commonwealth in the
examining trial of Judge Hargis,
&c., charged with the killing of
J. B. Marcum. Cope will be
transferred to Wolfe as soon as he
testifies in these cases.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nerv-
ine has been so successful in
curing these brain-wrecking
diseases that there is every
reason to believe that even the
most hopeless cases can be
benefited, if not fully restored.

We will be pleased to refer
any one thus afflicted to many
who now enjoy the blessing of
health, after years of hopeless
suffering.

"I have a son that had brain fever
when two years old, followed by fits of
the worst type, and he was pronounced
incurable. I spent hundreds of dollars
for him, without relief. After about
fifteen years he became so bad that we
sent him to Longview hospital for the
insane, at Logansport, Ind. He was
there nearly three years, but he con-
tinued to grow worse, so we brought
him home July 30, 1902, in an awful
condition. He had lost his mind almost
entirely. He hardly knew one of the
family; could not even find his bed;
was a total wreck. He had from 5 to
10 fits a day. We were urged to try
Dr. Miles' Nervine, and before the first
bottle was used, we could see a change
for the better. We have given it to
him ever since, and he has had but
two very light spells since last August,
1903, and then he was not well other
ways. We pronounce him cured, as he
can work and go anywhere. If any one
wishes to ask any questions concerning
this, they are at liberty to do so."
E. H. BUNNELL, Lincoln, Ind.

Dr. Miles' Nervine is sold by your
druggist, who will guarantee that the
first bottle will benefit. If it fails, he
will refund your money.

JUST OUT.

"Every man is entitled to a square deal."
—President Roosevelt.

"MY OWN STORY," by Caleb
Powers.—This book is a calm, dis-
passionate account, from the stand-
point of the man most interested,
of the conditions of Kentucky
leading to the assassination of
William Goebel, and of Powers'
indictment and conviction on the
charge of complicity in his mur-
der.

It covers his youth in the moun-
tains of Kentucky, the conven-
tions of 1899, the election, the
shooting of Goebel, the arrest, the
three trials and the prison life.

For dramatic situations, human
interest and political importance,
the case of Caleb is unequalled.

Dykeses and Allens Give Bond.

County Judge Pat Howe Thurs-
day last went from Campton to
the home of Harlan Dykes and
took the bonds of Harlan Dykes,
James Dykes, John Allen and Lee
Allen in the sum of \$5,000 each to
appear at the September term of
the Wolfe Circuit Court.

With the 10 named in THE HER-
ALD last week this makes 14 of the
Wilson-Dykes feudists that have
filled bond. J. Sherman Cope, ex-
Sheriff of Breathitt County, was
arrested at Jackson and taken to
Campton to give bond for his com-
plicity in the affray of Sunday,
June 4.

Harlan and James Dykes, who
were so dangerously wounded, are
improving and will recover, and
with the healing of their wounds
it is hoped the trouble may also
be healed.

Col. Thos. Marcum Slashed With A Razor, by A Negro.

Col. Thomas M. Marcum who was severely slashed with a razor in the hands of James Johnson, the negro holster, is resting quietly today and will likely recover. Johnson is uncommunicative and sticks to the story that he came to Muskogee a short time ago from Morrilton, Arkansas.

The would-be assassin is 24 years of age, five feet, six inches in height and weighs 125 pounds.

Col. Marcum was seen at 2 o'clock this afternoon by a representative of this paper, and was resting easily, his only discomfort seeming to be a terrible headache caused by a blow he had received over the left eye.

The eye is badly bruised and Col. Marcum thinks the negro kicked him while lying on the ground.

In speaking of the matter Col. Marcum said, "the negro was absolutely worthless about the place, he wouldn't cut wood, tend the

horses, or do any of the chores about the place. For three or four days Johnson kept the ax in his cabin, and I expected trouble with him as he was very sullen and vicious. I had ordered him off the premises repeatedly, but he refused to leave. Yesterday I was showing Mr. Toomer my colt and we were leaving the barn when I again told the negro to leave as I desired to have no trouble with him. He then whipped out his razor and chased me about the yard and threw me down, cutting at me all the time. I owe my life to Judge Toomer, as I had nothing at all with which to defend myself."

The negro has been working for Col. Marcum for about four weeks.

Sixteen stitches were taken in the wound inflicted upon the noted jurist. The cut was about five inches long and just penetrated to the peritoneum. A quarter of an inch further would have meant death. The wound is just under the breast bone.—Muskogee, Indian Territory Democrat, June 10.

Shake Into Your Shoes

Allen's Foot-Ease. It cures painful, swollen, smarting, sweating feet. Makes new shoes easy. Sold by all druggists and shoe stores. Don't accept any substitute. Sample free. Address A. S. Olmsted, Le Roy, N. Y.

Some miscreant cut Jimmie Perkin's saddle while he was in charch Sunday night. Both stir-up leathers were cut nearly into and two cuts made in the seat of the saddle. He thinks it was done by a party who does not live in town, and it is hoped he is correct, as we are glad to know no one in town would do such a deed.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

STATE COLLEGE OF KENTUCKY, LEXINGTON, KENTUCKY.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz.: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

DAYSBORO DOINGS.

Green Nickell, of Morgan County, visited his uncle, Robert Nickell, Friday and Saturday.

Dr. Center reports favorably on the Dykes boys, who were shot at the Sunday trouble near Lee City.

Robert Nickell, of this place, made a pleasant visit to Elaberry Little, of Gillmore Creek, a few days of last week.

Misses Maud Taulbee, of this place, and Faley Leng, of Salem, left Monday for Mammoth Cave to view the natural curiosities.

Rev. John Morris, of Lee City, who has been a sufferer for some time with stricture, is under the care of Dr. Center, assisted by Drs. Ben Nickell and Wise.

Mr. Whitcomb, a noted oil man, has selected a spot near the residence of Harry Nickell, on Grassy, and has begun preparations to commence drilling. At present he is building a derrick.

A blackberry briar measuring a little over 21 feet. It was cut on the land of Harry Nickell, near the spot where the oil well will be drilled. Those who seen it testify that it is the longest on record.

Sam Wilson has just finished the painting the home of Harry Nickell, near this place. The beauty of the job is the handsome porch which surpasses any that Mr. Nickell has ever turned out, and is a sample of his best work.

June 19. THE PAINTER.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit in a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by all druggists; price 50c."

EZEL EVOLUTIONS.

Will Perry stopped in town over Sunday.

Mrs. J. J. McGuire is very sick at this writing.

Mrs. Steve Pieratt has gone to Mt. Sterling for a few days.

Widow Maxey sold a lot of timber to the lumber company, for \$800.

Mr. and Mrs. J. E. Henry, of Juda, have been visiting Mrs. Henry's father the past week.

Willie Haney has accepted a position with the Kentucky Correspondence College, and will not teach this year.

J. M. Pieratt has gone to Mt. Sterling with his wife, who has been visiting her daughter, Mrs. Duff, for sometime.

Mr. Editor: Frank Havens says anybody knows that Ezel is too small a place to hold the father of a future president.

We learn that Dr. Smith, while out hunting last week, at his home on Elk Fork, met with a very painful accident. His gun was accidentally discharged, the lead penetrating his foot, consequently, he will not resume his practice here for a month or six weeks.

Dr. Center reports the birth of a boy to the wife of Robert Childers on Frozen, on Tuesday, the 13th. The mother did nicely for 16 hours, and then began to have fits and had 12 of them from 11 p. m. to 1 p. m. next day. She was unconscious until Friday, but now she is all right. On the 19th, to the wife of Hilt Dean, of Stillwater, a girl.

Dr. W. V. Huffman, of Millersburg, accompanied by Thos. Linville, wife and son, of Carlisle, the former suffering from stomach trouble, are at Swango Springs Retreat. Mr. Linville will drink the water for his trouble. David Rash, of Winchester, is also among the guests at the Springs.

Preparation toward putting down an oil well on the south side of the river from Daysboro, on the land of Jim Henry Sebastian, are going forward as fast as teams can be engaged to do the hauling. We do not know who will drill the well.

Dr. Nickell reports the birth of a girl to the wife of Green Taulbee, of Helechawa, which is the 15th, we believe, and the attention of President Roosevelt is directed to the case.

IN CARE OF HAIR.

Dressers Find That Customers Possess Peculiar Mixture of Recklessness and Superstition.

Recklessness and old fashioned superstition in peculiar mixture are shown in the different fads and fancies women follow in caring for the hair. The gasoline or "dry shampoo," of late the fashionable cause of numerous explosions in Paris, is now frequently but vainly requested at the Chicago hairdressers, says the Tribune.

It is asked for by the woman who is in a hurry, by the one who doesn't want the wave taken out of her tresses, by the white haired woman who approves of the peculiar and beautiful blue white tone and silky softness which every professional hairdresser admits this process gives to gray locks.

In contrast to this there is a Chicago establishment especially devoted to clipping, singeing, and such processes where fashionable customers come in great numbers at the new of the moon. This is at the request of the proprietor who has imbued her customers with the belief that the oils and coloring matter flow upward at this time, whereas they would go in the opposite direction and devitalize the hair if it were clipped during any other time of the month.

STROKE AFFECTS NERVES.

Lightning Strikes Building Occupied by Part of Regiment—Attendant Results Interesting.

It is with great rarity, says the New York Medical Record, that one is enabled to observe the effects of lightning on the animal organism on such a large scale as has been studied by Rippe, who reports that a building occupied by three squadrons of a Russian dragoon regiment was struck by lightning. There were 22 men in the building at the time. One man and a horse were killed, and all the others were more or less severely injured. Post mortem examination of the dead man and horse revealed as the most important abnormalities hyperaemia of the brain and its membranes, haemorrhage into both hemispheres, augmentation of the subarachnoid fluid, and congestion of the internal organs, especially the lungs, liver and kidneys. The symptoms in the survivors were the severest on the part of the nervous system. All the men were rendered unconscious, and in some instances there were convulsions, delirium, and other signs of concussion of the brain. All these symptoms disappeared.

A Very Busy Woman.

Mrs. Ellen Pieratt, who was visiting Mrs. Mary Nickell at Greendale, in Fayette County, returned home last week, very much pleased with her visit. Mrs. Nickell is Matron of the Reform School, in which there are 38 young women and about as many girls. These are all under the direct control of the Matron, and she has her hands full, but she has all the while proved that she is the right one for the place, and the management has always been pleased with her conduct of affairs. She has the assistance of a school teacher and a laundress, as the young women are taught the rudiments and how to starch and iron clothing. But Mrs. Mary is really matron of the whole institution, including the boys, and the situation is a strenuous one.
